MMT Psoriasis is a topical preparation containing Moisture Magnet Technology plus 2% salicylic acid in a polygel base with antioxidants. Green tea polyphenols neutralize free radicals and oxygenated chemicals protecting the dermis and reducing abnormal cell formation.

**Ingredients:**
2% Salicylic acid compounded in a polygel base with propylene glycol, 6% avena sativa, polyacrylamide, green tea polyphenols, aloe vera gel, yucca vera, laureth-7, methylparaben, diazolidinyl urea, propylparaben, water.

**Uses:**
Treatment of psoriasis. Repair and smoothing of flaky, scaly skin.

**Directions:**
Wash the area to be treated, pat dry, apply enough cream to cover the entire affected area. Apply MMT Psoriasis twice daily.

**Warnings:**
For external use only. Keep out of reach of children.

**Storage Conditions:**
Store below 30 °C.

**Presentation:**
40 g / tube.
